

EVA VLONK

Eva Vlonk is a photographer based in Ghent, Belgium.

Drawn by photography when she was still very young, she started exploring and practicing with old cameras and faded film, tangled up in small dark rooms.

Growing up in the countryside, photography gave her not only a reason to explore her surroundings, it also was her way out, into the cities of this curious world.

Eva's work cannot be categorized under one name, but you might say she's known for her captivating portraits, compelling stories, scenic set photography and memorable music stills.

STORIES

MOMENTS Magazine

“I’ve been working with Eva for over ten years now on lots of different stuff, from documenting crazy fashion weeks to shooting enthralling portraits and editorials.

She never fails to amaze me, working her magic in her signature cool colors and equally cool demeanor -nothing gets this woman unnerved, which is always precious on set... “

- Isabelle Vander Heyde (ELLE, Moments Magazine)
